[Monoxide]

It don't matta no more  
They gon' do what they gon' do  
Even if I try to go  
They gon' try to go there

[Madrox]

The game is unreliable  
Broken down so many times  
That it's unrecognizable  
This is just the way I'm feelin  
I refuse to lie  
Do it like we do it and we do it til we die  
And we're not dead yet  
Why you mad and upset?  
Me and my brother now a fixture  
Make a man disrespect  
Don't cha get the picture?  
If you don't, disconnect  
From the media, the television, and the internet

[Monoxide]

Always got a lot a shit to say

[Madrox]

But we're given the opportunity to speak  
So we treat it like a mirror when we reflect in the streets  
Don't matta how we spit it or get it inside your earlobes  
From the record store, radio, and digital download

[Monoxide]

[Chorus]

It don't matta no more (No more)  
They gon' do what they gon' do  
Even if I try to go (Let's go)  
They gon' try to go there (Come with us)  
[x2]

[Monoxide]

I don't really like it when they try to tell me what I need  
to be doin and everything that I'm brewin I'm gonna  
ruin

(Ya'll no better than me)  
It's all true and  
Whether or not, she wanna get hot  
Connect dots and take shots with us  
Through internet and tv interviews  
With ?? scared to let the phone ring  
So I stay hidden like a dream  
And when the night falls I come crawling like hauntings  
Hate me cause you ain't me and everything we do  
We do it with the upmost and greatly  
Hate me with a ? and distrust  
Cause some dumbfuck listen to us and went nuts  
Cause there's a bad apple in every bunch of ammo  
Scrape 'em off like the bust of an '85 Camaro  
You're gettin' off and you like

But lookin' for bone marrow with a narrow chance of  
makin' a difference  
Can i get a whitness

[Madrox]  
God damn, you can't worry about what other mother  
fuckas do  
You just gotta do you  
(Ya'll no betta than me, ya'll no betta than me)  
And all you really can do is just do you

[Monoxide]  
It don't matta no, no, no  
It don't matta no, no, no  
(Ya'll no better than me)  
It don't matta no, no, no  
(Ya'll no better than me)  
It don't matta no, no, no, no, no

[Chorus]  
It don't matta no more (No more)  
They gon' do what they gon' do  
Even if I try to go (Let's go)  
They gon' try to go there (Come with us)  
[x2]

[Monoxide]  
How can I be living a dream  
Where the people playin the same game  
Makin a nightmare for me  
And it's cool but I've been makin a scene  
I've been living a lie and it's gettin harder and harder  
to get by  
So I try, to fly high, during the night time  
Hopin' I can find the less of the same kind

I can't rewind the tape but now I'm ready to make my  
life change  
Hopin' I picked the right day

[Madrox]

You know, out of mind, relentless, corrupted, outta my  
love, I'm defensiveless, attracted to ?

Like an addiction

That same far opporunity to overrun my extinction

Say that I'm weak minded, calling me not strong

Cause they wanna stand still watchin me move on

I pose new threat to the immortal greatness

They can rub it in my face on multiple occasions

[Monoxide]

[Chorus]

It don't matta no more (It don't matta no more)

Even if I try to go (It don't matta no more, come with us)

It don't matta no more (It don't matta no more)

Even if I try to go (It don't matta no more, come with us)

It don't matta no, no, no

It don't matta no, no, no, no, no

It don't matta no, no, no

It don't matta no, no, no, no, no.
