Welcome to the first phase of the third day of the killing stage.

In a strange way, you're gonna feel pain, if you feel pain, well I'm sorry but I'm angry, and our anguish is a catalyst for all of this, and all of that, and everything in between.

Every night, every dream.

Every stab, every scream.

So they'll be total blood, mix it in, make it clean.

By any means, if it means that you'll die.

We'll certainly try to put in graves, dead or alive, so pray to be safe.

We'll certainly try to put in graves, dead or alive, so pray to be safe.

We'll certainly try to put in graves, dead or alive, so pray to be safe.

I THOUGHT I TOLD YOU TO GOOO!!!

Don't kill me now, then I'm gonna kill you.

Don't kill me now, then I'm gonna kill you.

Don't kill me now, then I'm gonna kill you.

Don't kill me now, then I'm gonna kill you.

Don't kill me now, then I'm gonna kill you.

If don't kill me now, then I'm gonna kill you.

If don't kill me now, then I'm gonna kill you.

If don't kill me now, then I'm gonna kill you.

If don't kill me now, then I'm gonna kill you.

If don't kill me now, then I'm gonna kill you.

If don't kill me now, then I'm gonna kill you.

If don't kill me now, then I'm gonna kill you.

GET THE FUCK OUUUUTTTT!!!
