She loves it
She loves it
She loves it
She loves it when I
[4x]

[Madrox]
Act all Scared so she can pay the pimp
Turn me on like I'm a lawyer and I said
Put her panties in my mouth would she take the dick
And every time is a first so I don't say shit

Call her malaria
The girl is scarier
Then anything sick
That I ever did see
But the way that she moves
With the crazy attitude
Got me screamin in her face
Gimme brain like a ZOMBIE

Like a vampere!
Make her cum so hard she tell all her girls
All her girls on my nuts like a bunch of jealous squirrels
Each hungry all hoping that I rock their world

Go deep like Jacques Cousteau
Play it like basketball into the hole
Did I say which hole
Oops my foul
Off to the bench wit my dick wit a towel

[Chorus]
Stallin me out tellin me we'll see
Ima tell you like a bitch told me
If you get the opportunity to treat her like a freak
Better make the bitch scream and her pussy stay free

Stallin me out tellin me we'll see
Ima tell you like a bitch told me
If you get the opportunity to treat her like a freak

Better make the bitch scream and her pussy stay free

Fast or slow shes on the blow
Up and down I watch her go
From the ceilin to the flo
So fine I'm about to explode

[Madrox]

Put me back out in the game coach
Flip the script and try a new approach
G-Q wit a button up shirt and a tie
Ain't way I got no wings I'm to fly

You see me I know you do
And you know you wanna take a ninja home with you
But its cool we'll see how the night progress wit my dick
in your mouth and my nuts on your chest

Picture that its a kodak moment
Whip cream lickin' sound fun now don't it?
Feel good in your mouth wait till I bone it
Beat the pussy up like the shit's my opponent

I'm the repo man
And the money that she owe me is the honey in
between her legs
Better take off your panties fore' I bust you in the left
eye
Tellin me to chill hoe I don't beg

[Chorus]

Stallin me out tellin me we'll see
Ima tell you like a bitch told me
If you get the opportunity to treat her like a freak
Better make that bitch scream and her pussy stay free

Stallin me out tellin me we'll see
Ima tell you like a bitch told me
If you get the oppportunity to treat her like a freak
Better make that bitch scream and her pussy stay free

Fast or slow shes on the blow
Up and down I watch her go
From the ceilin to the flo
So fine I'm about to explode

[Madrox]

Tell her that she really ain't good at givin' head
So she overcompensate when she naked in the bed
And she ride my dick until my shits blood red
But it hurts so good that's why I said what I said

Rub it on her lips like (red floss)
Spankin her ass pullin hair wit no question
To the balls on my dipstick no exception
(got my anaconda at attention but full erection)

Pull a strip tease
I'm all in a bowtie
Hit of a drum all up in her face
And I take off the velveteen trunks
And I shake it
And I do little dance while she charm my snake

[Chorus]
Stallin me out tellin me we'll see
Ima tell you like a bitch told me
If you get the opportunity to treat her like a freak
Better make that bitch scream and her pussy stay free

Stallin me out tellin me we'll see
Ima tell you like a bitch told me
If you get the opportunity to treat her like a freak
Better make that bitch scream and her pussy stay free

Fast and slow shes on the blow
Up and down I watch her go
From the ceilin to the flo
So fine I'm about to explode

She loves it
She loves it
She loves it
She loves it when I
