**(feat. Esham)**

*[Monoxide Child]*

I can see him walking into class  
They are all staring and at some point a couple  
motherfuckers start to laugh  
They're talking about me, but they do it to they friends  
Cause they all afraid of what's gonna happen in the  
end  
Now my ears keep ringing only meaning that the Devil  
sings  
And preys on broken wings  
I'm not a new thing. consumated out of faith  
I've been assembled and created by all of the things  
you hate  
I'm uncontrollable but still I get the last laugh  
I got your president's head inside my garbage bag  
Be alarmed everybody cause the bird's out  
My last warning was last year, the words out  
I take revenge of the american mute  
And fire bomb on your campaign boost from house  
roots  
And that's the truth as only Twiztid can tell  
Make sure it's all covered cause the world is Hell

*[Chorus x2]*

The world is Hell  
I'm hearing what you're saying  
But you're faking all that hoping and staying as if its  
changing  
The world is Hell  
But change comes from within  
Speaking your mind is that another sin from within?

*[Jamie Madrox]*

Let's begin with the way that we act death and  
destruction  
Lies, with an axe killing is a function  
Taught by the world that they're better than the mind  
That through television to the age of 9 is solidified  
Little time bombs just waiting to explode  
On the whole world turning the world into a hole

And it's your fault so many young are dumb  
And turn to drugs and be like "fuck an education"  
The homeless starving, strung out and dying  
Eating out of garbage cans barely surviving  
A lost generation  
Stuck somewhere between the real  
And the mind and imagination  
Some call it Hell  
Living life everyday, maybe this is Hell  
Evil's everywhere and anyway if you're good you'll go  
to Heaven

And if you're not you'll be destined to stay alive till the  
year 2057

*[Chorus x2]*

The world is Hell  
I'm hearing what you saying  
But you're faking all that hoping and staying as if its  
changing  
The world is Hell  
But change comes from within  
Speaking your mind is that another sin from within?

*[Esham]*

What's the price of betrayal? Pushing D12 through Hell  
Time'll tell if I'm nailed to a cross like Christ  
Murder's on the mind of many mothafuckas at night  
Stevie Wonder wouldn't wanna see the shit that's in  
sight  
The World is Hell, the day the Twin Towers fell  
The day the Titanic set sail, the anthrax mail  
But who you gonna tell? Nobody's listening nitro-  
glycerin  
Pistols popping and bullet's whistling, the music's  
twisted  
Helluva heavenly, for ever but don't miss it  
The World is Hell, two blocks away from where I sleep  
Now I lay me down to sleep, my soul the angel's they  
keep  
The World is Hell... The World is Hell...

*[Chorus x2]*

The world is Hell  
I'm hearing what you're saying  
But you're faking all that hoping and staying as if its  
changing  
The world is Hell  
But change comes from within  
Speaking your mind is that another sin from within?

*[Basketball Head]*
