[Monoxide]

Chain smoking and heart broken I'm focused  
Brain blowing I start showing I'm hopeless  
Heroin is my new name and I'm the dopest  
Shit you even shot in your veins and chose to notice  
No remote so don't try to control this  
Haywire put me on the screen and I explode  
It's one, two, three, worldwide threat  
Fuck with us we'll have you're girlfriend x-ed

[Madrox]

It's the multiple man and I'm duece in line  
With a gauge to your dome about to free your mind  
Before pimping was a hustle we was on the grind  
Between fame and power it's a thing line, give me mine  
We outside looking for a way in bitch  
Trayside representing to the mother fucking finish  
You don't want none, we got guns like C. Hesston  
And quick to lay you flat on your back without a  
question

One, two, three, throw up your sign  
It don't matter where you're from, everybody can ride  
One, two, three, throw up your sign  
It don't matter where you're from, everybody can ride

One, two, three, throw up your sign  
It don't matter where you're from, everybody can ride  
One, two, three, throw up your sign  
It don't matter where you're from, everybody can ride

[Blaze]

What you staring for, are you loked out like me  
First up to bat with a forty it's Colton Grundy  
Kick the dirt off my cleats, keep my hand on my heat  
'Cause my life is the game and I live for the streets  
Yes sir, you don't want to catch no strays  
From the other end of my AK when it sprays  
Base hit, spill somebody's blood on the pavement  
Buck willin', you know how them thugs get

[Monoxide]

If you don't know how it came to be  
Verbel attack from the likes of not one but three M.C.'s  
And it stands for malicious cobras  
Hot tracks locked and loaded we show no love  
One, two, three, triple threat like fuck any set  
Three fingers in the air is how we represent it  
We came for the pennant, the crown and the thrown  
And if you act hard, hell yeah, bitch it's on

One, two, three, throw up your sign  
It don't matter where you're from, everybody can ride  
One, two, three, throw up your sign  
It don't matter where you're from, everybody can ride

One, two, three, throw up your sign  
It don't matter where you're from, everybody can ride  
One, two, three, throw up your sign  
It don't matter where you're from, everybody can ride

[Madrox]

You can't stop this onslaught off the chain  
And this side of ours is so deranged  
And you don't wanna try your luck  
Guaranteed first wrong move be the one to get you  
fucked up

[Blaze]

Two double o five and we keep shit live  
Every day ain't nothing you can do or even say  
You know what, fuck Shane Douglas, we the franchise  
Save your time sitting and praying for our demise

[Monoxide]

We taking over like Sheed in the paint  
With a dunk nuts all in your face, I'm first place  
Legendary for the scariest shit you ever heard  
To the point they wanna ban us from you're local  
suburb

[Monoxide, Madrox, & Blaze]

Three, two, one, threat representer  
It's hard to be right when you're left of center  
And can't nobody out there do it any better  
No matter how many beats and rhymes they muscle  
together

One, two, three, throw up your sign  
It don't matter where you're from, everybody can ride  
One, two, three, throw up your sign  
It don't matter where you're from, everybody can ride

One, two, three, throw up your sign  
It don't matter where you're from, everybody can ride  
One, two, three, throw up your sign  
It don't matter where you're from, everybody can ride

East side, north side  
South side, east side  
West side, north side  
South side, east side  
West side, north side  
South side, east side  
West side, north side  
South side, east side
