(You dont wanna be like me)

*[Monoxide Child]*

I can walk on water and freeze it on step one  
And then I'll stick my finger in it and melt it like it was  
hot sun

*[Jamie Madrox]*

Well I can turn your adam's apple into apple juice  
Start to strangle mothafuckas till their face turn blue

*[Monoxide Child]*

I can be the world's greatest serial killer of all time  
And I'll end your fucking life at the drop of a dime

*[Jamie Madrox]*

I can float above the clouds, way up in the sky  
And it's my choice if I live or die

*[Monoxide Child]*

Or I can be the strange pizza man that always knocks  
twice  
And when you open up your door I give your  
mothafucking neck a slice

*[Jamie Madrox]*

I can take a million dollars and just throw it away  
Cause it'll never replace a single ounce of my sanity

*[Monoxide Child]*

I can be the last angel standing on top of the hill  
Or the green demon waiting on your window sill

*[Jamie Madrox]*

And I can become an icon for the oppressed  
Cause their hearts still beating in their unforgiven chest

*[Chorus x2]*

You Don't wanna be like (Me)  
Don't wanna be like  
You Don't Wanna be like (Me)  
Don't wanna be like  
And this is the mind of a serial killa

*[Jamie Madrox]*

I can buy a shotgun from Target with attempts to set it off

I can load that bitch in the parking lot and shoot that shit off

*[Monoxide Child]*

And I can be the book of the dead, a vampire or a demon  
But either way your fucked, cause when I leave your not breathing

*[Jamie Madrox]*

Well I can part the sea with the wand of a wizard  
And turn a hot day into a windy blizzard

*[Monoxide Child]*

I can be an axe in the backs of people who wanna trash talk  
And leave your body slaughtered all over your momma's sidewalk

*[Jamie Madrox]*

I can disappear into the air like a phantom in the night  
And I can die if I'm exposed to excessive sunlight

*[Monoxide Child]*

And I can show you how to dig a bitch's grave in less than 20 seconds  
And I'll shove that bitch in there and let her family get to guessing

*[Jamie Madrox]*

I can grab you out of your world and show you horrible things  
And I can show you the terror that curiosity brings

*[Monoxide Child]*

And I can be the last straw, that puts you over the edge  
And leaves eleven at your work place dead

*[Chorus x2]*

You Don't wanna be like (Me)  
Don't wanna be like  
You Don't Wanna be like (Me)  
Don't wanna be like  
And this is the mind of a serial killa

You

Me  
You  
And this is the mind of a serial killa  
You  
Me  
You  
And this is the mind...
