[Monoxide]

Alright its time to change the mood up a little bit,
this one right here,
this is the one that you play when your trying to let her
know that it goes no longer than tonight.
Just that one special night, no strings attached,
Just me an you, or actually you an whoever you may be
trying to kick it to, thats this one

[Chorus]

Stop! Oh tell me what you really want, you be lookin at
me like your interested.
Gone crazy when you tell me what you really want
gimme half a second an we be undressing,
(Ohhh) rejection I cannot deal with hearts have been
broken,
(Ohhh) aggression building inside me soaked in
emotion.

[Verse 1 - Madrox]

You so selfish probably want me all to yourself tired of
being helpless,
did I make your wish-list, still look interested an not
pissed,
sprung you like a jack in the box, when I was handling
my business,
now its back up, so many skanked asses indecent
proposals and formal advances,
many mixed drinks looking like fishing hooks wit bait
on the end hoping that she don't wanna be friends,
if she do than I'm moving on to the next one,
hoping her pink fund got a little room for my love gun,
ya know that I'm loaded an I never shoot blanks so
spend the night wit me an in the mornin you'll be
thankful.

[Chorus]

[Verse 2 - Monoxide]

All I really wanna do to you lock up in a hotel room,
get a bit of that good weed, an fuck till we both cant
move,
don't matter who you came wit, even if you his main

bitch,
I just wanna get a little bit freaky, an hopefully you on
the same shit,
wonder how we make it so you boyfriend will never
know,
housekeeping ya mouth closed like ya used to do wit
yo legs,
(Ohh) gotta lift something like windows, tellin all of her
kinfolk,
all of that I had I got the word right back to the reason
that your hear for,
ever heard of the thing in the hood that the real is callin
low low,
but thats somebody cuzin for ya in to rollin solo,
just want to let ya know for the turn of all the lights,
its ya last chance to roll with the player of my caliber of
my likeness.

[Chorus]
