I'm untouchable  
Sixteen ways to die, but I'd rather just cut your  
throat  
Unlovable  
Bred through hate, product of date rape but you can't  
wait to cremate  
I take lives with steak knives and such  
I leave so many cuts that there's nothin left to touch  
And I walk with the family mind set on casualty  
I put mirrors in ya eyes so ya had to see  
That it had to be a mass suicide at your gathering  
What a catastrophe  
Front page, blame it on us  
Scapegoat for all, in Twiztid we trust  
In the tour bus headed for the white house lawn  
I can only be the scapegoat for so long  
You can clear bongs while I clear channels  
Live show is sick like cups of brain matter

[CHORUS x2]

WHOOP WHOOP

You could never do what I do

WHOOP WHOOP

Even if I became you

WHOOP WHOOP

You gotta let go of the envy

Cuz on your best day you'll never be me

I'm Jeffrey Dahmer with a Wayne Gacy mask on  
Drill a hole inside your head and axe it till ya pass  
on

Amass on cubby holes and crawl spaces

UNTRUSTABLE

I'm Harvey Dent double sided with Two-Face

Cuz I killed Jason at Crystal Lake  
Stuck a axe in his back and said it was a mistake  
Now the legend is dead, but the legacy lives on  
Through the blood in my veins every time I spit out a  
song

I'm Richard Ramirez with Bundy eyes

Leave a pussy stolen and swollen with bloody alibis

I'm a cat with 9 lives, a monster with 50 kills  
With a shotgun, roamin' the streets of Beverly hills  
I'm in your hood like a street siren  
And for whatever motherfucker if you're thinkin you're  
gonna take mine  
Another product of reality  
Call it a blemish on the floor of society's vanity

[CHORUS x2]

If I cut ya tongue out and left mine in it's place  
You still couldn't taste what the fuck I say  
I'm a split time for swallowin razor blades  
So I get spit blind for every word that I say  
I'm poisonous, better check your thermos  
Cuz I spikin' all the coffee at your funeral service  
I'm a psycho bad boy, all no-purpose  
And I stuff bad bitches like a taxidermist.

[CHORUS x2]
