"Bigger Than All of This"
Ambulance is racing,
Patience is running, out,
And she can see the light,
Far off in the distance,
Her Life made a difference,
Now she was, was another trial.

Oh,
A Female sensation,
A foolish temptation,
bow down to, to another's light,
another adjacent,
a church so complacent,
try's to find, more of the reason's,
Why,

Try Now, See that it is bigger than you and me,
It's more than 4am in may,
Or a tuesday in the rain.

Try Now, See that it is bigger than you and me,
It's more than 4am in may,
Or a tuesday in the rain.

Oh, da da da da da
Oh, da da da da da (etc.)

Try Now, See that it is bigger than you and me, Now
It's more than 4am in may
Or tuesday in the rain.

Try Now, See that it is bigger than you and me, Now
It's more than 4am in may
Or tuesday it's the rain.
