Graduate of innocence
Begins the road and travel
The call is out to join the fight
And family line is followed

Forget me not
Memories of tonight
'cause this house is a home
When you're running through her mind

Orders the response
Soldiers in lines they hold
Prayers for them safe
They fall to the beaches cold

Visit from corporal
Message is born for all
Jolting denial
Future's not what she first thought

She's up and flying, wind in hair
Forever in your right hand
She's up and flying, wind in hair
Forever in your right hand
