People throw your hands up
Who heard the news today?
Killing in the city
How do we lose our way?
Were all in this together
And I just want to say
We all have the power
The power to make a change
The world is now your sububr
Your neighbour's far away
We all want the same thing.
Peace
Love
Laughter
Fun
You can't tell me that I'm wrong
Who will stand up?
Throw your hands up?
We all lose a friend each day
If we turn our heads away
Be My
Be My friend
Friends till the end
I won't wake up and start again

People are still dying from money hungry men
Suicide is rising, a disease you CAN prevent
Religion's causing wars and wars are
Building walls again
And after all you've seen our tears will
draw for stronger men
Then how can they bring us down?
Who will stand up?
Throw your hands up?
We all lose a friend each day
If we turn our heads away

Come be my friend
Please come be my friend

Then how can they bring us down
