Well I don't want no woman  
She stay out all night long  
Lord no  
She stay out all night long  
Don't want no woman don't know right from wrong  
And I don't want no lady  
Hair like drops of rain  
Hey hey like drops of rain  
Well who am I  
If she treats them all the same?

Look down the road far as my eyes could see  
Lord no  
Far as my eyes could see  
See like nothing don't see by me  
And it's goodbye baby  
If you call that gone  
Lord no  
If you call that gone  
You leave now  
But you'll be back 'fore long

Don't write no letter, call me on the phone  
Hey hey call me on the phone  
Cause I'm goin' away  
And I won't be gone for long  
No, I don't want no woman  
Who stay out all night long  
Lord no  
Stay out all night long  
Don't want no woman  
Who don't know right from wrong
