You can try, but ain't no use  
I'll lose it if you cut me loose  
You can try, but ain't no use

I'll lose it if you cut me loose

Darling please don't hesitate  
Can I get you now, or must I wait?  
I can feel my patience running thin  
I stare the wall, walk the floor  
But somehow end up at your door  
And you refuse to let me in

But something ain't quite right to me  
I can't seem to let you leave  
My love won't wait

Come back when you're most alone  
My coat pocket's full of stones  
Hurl at your window while you sleep  
You don't let me hang around  
But Imma tear your plate ass down  
Run to the river bridge and leap

Cause something ain't quite right to me  
I can't seem to let you leave  
My love won't wait

Don't you threat, don't you fear  
While I whisper in your ear  
There's no escape

Cause something ain't quite right to me  
I can't seem to let you leave  
My love won't wait

So don't you threat, don't you fear  
While I whisWer in your ear  
There's no escape

You can try, but ain't no use  
I'll lose it if you cut me loose

You can try, but ain't no use  
I'll lose it if you cut me loose  
You can try, but ain't no use  
You can try, but ain't no use  
You can try, but ain't no use  
You can try, but ain't no use  
You can try, but ain't no use  
You can try, but ain't no use  
You can try, but ain't no use  
You can try, but ain't no use
