Yes, yes, yes, yes
Yeah, yeah totally
Dixie land, come on Dixie it up

Oh, oh, pleased with her lips
A glimpse into another world
No solid surface, there'll be
Plenty of time for parlor games

Oh, we're all from a supernatural source
Super duper natural source
Mapping the path through rainbows
And brothels, I breathe in the magic wisdom

Men wear women
Like so many colored hats with feathers
And he plays bluish green
Glassy eyed in all his glory

I tell you now
That fire won't do you no good
That fire won't do you no good
That fire water won't do you no good

Send the spirits away, there's Billie here
When you take what's not yours
The Neptune's daughter beckons from below
I'm under water, take me now
And the weight of my body, the ebb of my flow

Swallow me whole, swallow me whole
Swallow me whole, swallow me whole
Swallow me whole, swallow me whole

We're all from a supernatural source
Super duper, duper, super duper natural source
