Gretchen Phillips)

I'm gonna tell you how it's gonna be  
Soon you're gonna be fucking me  
I'm gonna tell you what your mama will say  
"I'm ashamed my daughter is gay  
I always knew that is was true  
You're queer, your brother is too  
I don't know what I did wrong  
But I hope your fixation does not last long"  
I'm gonna tell you what's going down town  
All those people are putting you down  
Some day you'll get scared when you're watching TV  
Thinking "what the hell is wrong with me?  
I must be fucked in the head  
'Cause I want to take that girl to bed"  
You can be afraid and it's okay  
'Cause I'm so in love with you anyway  
I'm gonna take you to queer bars  
I'm gonna drive you in queer cars  
You're gonna meet all my queer friends  
Our queer, queer fun it never ends  
We're gonna have a happy life  
Both of us are gonna be the wife  
I'm gonna tell you how it's gonna be  
It's queer queer fun for you and me
