My idea of a real good time
Is walking out the door and casting a line in the water
And I don't care if the fish don't bite
I'll sit all day and into the night
Because I wanna

It may not sound like fun to you
But figure out just what it is, it's gonna get you through

It's your life
Just a few trips around the sun, baby it's not a long ride
So grab a hold and run
And take your time
So you can get it right, you really should
Do what makes you feel good
Alright!

I used to spend my days worryin' about
Everything that I could do nothing about
Like tomorrow
And I was so caught up and not even livin'
That I forgot to soak up every minute
That I borrow

Forget the future, forget the past
Live every day as if it was your last

Cause it's your life
Just a few trips around the sun, baby it's not a long ride
So grab a hold and run
And take your time
So you can get it right, you really should
Do what makes you feel good, yeah

For me it's fishin'
I hope it don't take long for you to figure out
What your heart's been missing (missing)

Oh baby it's your life
Just a few trips around the sun, it's not a long ride
So grab a hold and run

And take your time
So you can get it right, you really should
Do what makes you feel good, yeah
Just do what makes you feel good
(It's your life
Just a few trips around the sun, it's not a long ride
So grab a hold and run)
Just do what makes you feel good
(Take your time)
Just do what makes you, makes you, makes you feel
good
(It's your life
Just a few trips around the sun, it's not a long ride
So grab a hold and run)
Just do what, do what, do what, makes you feel good
(Take your time)
Just do what makes you, makes you
You really should
Do what makes you feel good
