I will make time for you
I make time for you
I will make all of those dreams come true
Don't call me up on my damn telephone
I aint home
Don't try to write
I can't hold the paper tight

I have given all I have to give
I have given all there is
All there is for you
All there is for you
All there is for you
All there is for you

I dream of days that it's just me and you
I dream of days that you don't run away
I'll be there for you
What's your excuses now cuz I aint listening anyway
I don't wanna hear those lies
When you can't look me in my eyes

I have given all I have to give
I have given all there is
All there is for you
All there is for you
All there is for you
All there is for you

Hey, Hey, Hey

I will make time for you, I make time for you
You know but the thing is you better start to make time
for me
Because of all those nights we spent layin' in bed talkin
about things ya know
and they're not quite happening
You always got 10,000 things to do besides call me
Go ahead cuz you know what
I aint in love
Go ahead and call me on that

You can't even look me in the eyes anymore
I'm just over it man
I'm totally over it

I have given all I have to give
I have given all there is
All there is for you
All there is for you
All there is for you
All there is for you
All there is for you

Hey, Hey, Hey
