Slow down, take it easy

Just a step at a time

You'll find life will please you

Why keep talkin' about tomorrow

Tomorrow is so far away

Stop and look around you, baby

You are lucky if you can make it through the day

Oh listen baby, little baby

Just a step at a time

No need to rush

Try and have a peace of mind

Time is short

And life is too beautiful to rush away

Just a step at a time, at a time, at a time, at a time

No need to rush your little life away

Oh, look at those people in a hurry

They're not sure what they wanna do

Yet they seem so worried but

[Incomprehensible]

Why keep talkin' about tomorrow

Tomorrow's so far away

Take it easy, easy, easy, easy

Take one step, one step at a time
