"You don't have to lower your eyes  
There's nothing you've done wrong here  
There's no way he can harm you  
Now that I am here

This night has gone fowl  
And you've been led astray  
By a man with a box of pills  
And a soul that cant be saved

The moons bleeding red tonight  
Isn't that your favorite color?  
It's funny how the moon only answers  
To the calls of the broken ones  
And though you've been crying all night  
There still are no puddles forming  
I'd like to think its because  
I've been absorbing everything you feel tonight

Its time to get some rest  
Even the moon is setting  
This nights felt like forever  
I guess I'll sleep on the couch  
And I'll wake you in the morning"
