Oh, you'd think I would have learned by now
But no - I make the same mistake somehow
Time and time again

I've been doing it for days
Putting it off and putting it off
I've been doing it for ages

Oh, it's always hanging over me
Like a bad dream not forgotten easily
Like a cartoon cloud above

I've been doing it for days
Putting it off and putting it off
As pointless as it is
I've been doing it for years
Putting it off and putting it off
I've been doing it for ages

Oh, you'd think I would have learned by now
But know I've been doing it for days
Putting it off and putting it off
