She's all alone  
With a bottle of patron  
I see you  
And ask you where you're from  
But she tells me jus to stop right there  
Cus I'm not gone get no ass  
So I'm on my way  
But a few more drinks  
And she returns  
Don't know what she's saying  
Her speech is slurred  
So I grabbed her waist  
And I look you in your eyes

Ya know that I'm horny baby  
Ya know that I'm horny baby  
Dance with you  
Dance with you  
Ya know that I'm horny baby  
Ya know that I'm horny baby  
Dance with you  
Jus you, only you

You're safe with me  
So don't be scared  
Jus come this way  
The bedroom  
Let's go upstairs  
Jus come this way  
United we can form as one  
I jus wanna feel ya' touch  
Then I'm on my way  
But I think I'm starting to like this girl  
Or maybe I'm jus twisted  
So I'll ask her to stay  
And I look you in your eyes

Ya know that I'm horny baby  
Ya know that I'm horny baby  
Dance with you  
Dance with you

Ya know that I'm horny baby  
Ya know that I'm horny baby  
Dance with you  
Jus you, only you

Ya know that I'm horny baby  
Ya know that I'm horny baby  
Dance with you  
Dance with you  
Ya know that I'm horny baby  
Ya know that I'm horny baby  
Dance with you  
Jus you, only you

Do you wanna have some fun  
Do you wanna have some fun  
Do you wanna have some fun  
Do you wanna have some fun
