Many lovers has come  
and many lovers have gone  
similar to an old fashioned song  
(a thousand years from now we'll be still puttin it down  
my baby)  
you can change the frame  
but the picture remains the same  
similar to the sun after the rain  
(A thousand years from now we'll be still puttin it down  
my baby)

baby girl in other words forevermore  
i'll be here (i'll be here)  
cuz my whole life's been full of joy ever sense  
you came here  
girl my whole world goes around  
because you... you spin me yea  
and every time we're done makin love girl  
it makes me wanna...

snap in the name of love (snap)  
snap in the name of love(my fingers)  
clap in the name of love(clap)  
clap in the name of love (my hands)  
step in the name of love (step)  
step in the name of love(from side to side)  
groove in the name of love (groove)  
groove in the name of love (thats all right)

some beleive in love  
and some people dont  
similar to a story when its told  
(a thousand years from now we'll be still puttin it down  
my baby)  
some have crossed the finish line  
and some gave up  
its like moving a mountain  
love can be just that tough  
(a thousand years from now we'll be still puttin it down  
my baby)

baby girl in other words forevermore  
i'll be here (i'll be here)  
cuz my whole life's been full of joy ever sense  
you came here  
girl my whole world goes around goes around  
because you spin me yea  
and every time we're done makin love girl  
it just makes me wanna...
