I've been waiting for you so long
Waste away without you are gone

Now you're here
And the words you say to me
Carve their way through the ice
I was lost
In a world of illusion
Now you've opened my eyes

Cursed myself how I cut these scars
I was dying inside my heart

Now you're here
And the words you say to me
Carve their way through the ice
I was lost
In a world of illusion
Now you've opened my eyes

I will find a way for you
To fall out of the grave
You've dug your hole
It's where you lay
To writhe, to rot
Until your dying day

Now you're here
And the words you say to me
Carve their way through the ice
I was lost
In a world of illusion
Now you've opened my eyes
