She said that she loved me
She said that she cared
Then she turned and walked away from you
Like you weren't even there

I sent her those letters
On a faded photograph
She said she didn't want to hear from you
She said she wish she could forget

So don't you want to come home
don't you want to come home
don't you want to come home

I have nothing to give you
But you're all that I need
Empty, Broken, Beat and Blinded
Your lost but now your here with me.

Don't you want to come home
don't you want to come home
yeah, don't you want to come home with me tonight,
it's alright

don't you want to come home
yeah, don't you want to come home
yeah, don't you want to come home with me tonight,
it's alright
it's alright
