Where did she go?
Where did she go-oh-oh-oh-oh?
Where did she go?
Where did she go-oh-oh-oh-oh?

I play a silly game where I'm dressed up in drag
Wasted, smoking a fag
In clothes and a bag
And I'm forgetting you

When she went away
You stayed here
Stop waiting for her to change
When she went away
When she went away

Here in her room
Here in her roo-oo-oo-oo-oom
Here in her room
Here in her roo-oo-oo-oo-oom
I play a silly game where reflection is her
She lovingly purrsmys name, but it won't occur
She's so far away

Will you stay away with me?
Last night I could see it there in your eyes
How she killed you inside
It was in your eyes
It was in your eyes
It was in your eyes

Where did she go?
Where did she go-oh-oh-oh-oh?
Oh no
Where did she go?
Where did she go-oh-oh-oh-oh?
