Contagious
Your words can make this
Oh so simple
Then you painted
A new Picasso
Self portrait of choice

Is it an honest heart?
Or empty hole?
The knives been stuck since God who knows?

Your untrue words could kill us both
To contradict is all you know
Just don't pretend to be a friend

Contemplate this
Before you make it
Unforgivable
You parade with
False accusations
And it's so pitiful

Is it an honest heart?
Or empty hole?
The knives been stuck since God who knows?

Your untrue words could kill us both
To contradict is all you know
Just don't pretend to be a friend

Just don't pretend to be a friend
Just don't pretend to be a friend
Just don't pretend to be my friend!
I'm at the end!
You're not a friend.
Don't just pretend!

Your untrue words could kill us both
To contradict is all you know
Just don't pretend to be a friend

Just don't pretend to be a friend.
