Speak louder girl  
Cause I didn't hear a word you said  
The whispers won't cut it this time girl  
I'm full of the lies that you fed

I have been sitting tonight  
With the intent to divide  
All the wrong from the right  
Your precious girl  
But with the wrong intentions on life  
Keep running girl  
If you're trying to catch me  
Before you run out of breath

Just enough to regret  
The lack of emotion you felt  
In that desperate hour  
You cried, why?  
It's so hard to imply  
That it's me that you led astray  
Now as your search for love  
But I'm all out!

When his sweat concealed in yours  
You joined a cult of lust and whores  
Now was it better at the start  
Before the sin and lustful parts

Let's take it back to where it began  
The story of a girl who mistook a God for a man

You don't even know me anymore  
It's been so hard  
To tell you I'm sorry  
I know, I know  
That we were more than friends  
In the end  
And it's so hard  
It's so hard to take
