You're looking at me like you got something to say
C'mon give it away
And tell me what you're thinking baby

You're stepping at me like you might have a name
A time a date a place
But all you really got is hearsay

Cause I've been holding you
And I've been kissing you
Been loving only you
So don't make no mistakes

Baby what you got on me is a lover
not a thief
I might steal your heart away
I'll give you back mine in exchange
Baby I will always be
True to you cause I don't cheat
So whatever you think
You got nothing on me

Why would you listen to what others say
It's just people trying to make
Trouble cause we're happy

You should know me by now I'd never stray
Or try to hurt you in any way
And your assumptions only make me question

Why I've been holding you
Why I've been kissing you
Cause I've been into you
Did I make a mistake

What you want
What you need
Is everything I've tried to be

Your friend, no matter when
Baby you have to believe

You've got all that in me
