I know my back can bend and bear the weight

And these two hands of mine...they never shake

At least not up til now

So many heartbeats and it's never missed

But I'm not sure if I can handle this

I guess I'll find out

Oh, I guess I'll find out

Chorus

How much can one man love you

How much can one man care

How much can one man need you

How much do I dare

I know my eyes can see for miles and miles

My legs can walk a good long while

That's never been in doubt

I always keep my passions locked away

So what will happen now is hard to say

Once I let them out, Oh I guess I'll find out

Repeat Chorus

Bridge

If I never let you go

Maybe then I'll know

Repeat Chorus
