There ain't no place to dance in town
like the V.F.W. when the sun goes down
All the good looking ladies come from miles around to
meet
Fred saw Betty Lou Baker for the fourteenth time
He said I'm gonna tell her how I feel tonight
But he didn't know what hit him when he couldn't even
move or speak.

Well, it starts with L and it ends with E
There's a couple short letters stuck in between
And it ain't too long but it always seems
To get him all choked up.

Yeah, it starts with L and it ends with E
One tough syllable and he's home free
It's only four letters go get her
Ain't nothin' better than love.

Betty Lou's that girl with the long blonde hair
Sittin' by herself in the cane-back chair
Anybody looking would think nobody cared but then
Fred is frettin' over yonder sittin' in the corner
Worrying wondering if he's ever gonna
Get the nerve to use that word again.

Well, it starts with L and it ends with E
There's a couple short letters stuck in between
And it ain't too long but it always seems
To get him all choked up.

Yeah, it starts with L and it ends with E
One tough syllable and he's home free
It's only four letters go get her
Ain't nothin' better than love.

Well, Fred finally got around and found Betty Lou

Said would ya wanna take a chance on a dance or two
He didn't have a clue what Betty Lou would do in his
mind
And then Betty Lou stood up and shook her head
For the longest moment that room went dead
Until she said Fred honey it's about time.

Well it starts with L and it ends with E
There's a couple short letters stuck in between
And it ain't too long but it always seems
To get him all choked up.

Yeah, it starts with L and it ends with E
One tough syllable and he's home free
It's only four letters, go get her
Ain't nothin' better than love.

It's only four letters go get her
Ain't nothing better than love...
