You must forgive me if I stare
I've never seen a walking talking answered prayer
Honey, it's amazing that you're standing here
I guess God got tired of me bending his ear

Come in and set that suitcase down
It looks like you and I got lost and found
No need to be sorry, don't apologize
You don't need to ask it, just look in my eyes

Sure, I still feel the same
I still keep the flame, I still call your name
My love does endure

Sure, we can try again
Honey, you just move on in
I have always been sure

It was like double deja vu
When you came in I saw me come in too
Come in from the rain, come in from the blue
I've been missing me as much as I've been missing you

Sure, I still feel the same
I still keep the flame, I still call your name
My love does endure

Sure, we can try again
Honey, you just move on in
I have always been sure

As the river's finding it's way to the sea
Sure as this road is winding towards eternity
My heart's the rock of ages about you and me

Sure, I still feel the same
I still keep the flame, I still call your name
My love does endure

Sure, we can try again
Honey you just move on in
I have always been sure
