Well the world just lost two lonely people  
The world just lost two broken hearts  
The odds were against it but baby here we are  
In our own little place in our own little corner  
This old cold world just got a little warmer  
For the rest of my life I'm gonna hold you in my arms

Chorus:

And when they carve my stone  
All they need to write on it  
Is once lived a man  
Who got all he ever wanted  
Tell me something  
Who could ask for more  
Than to be living in a moment  
You would die for

If we never get rich on what money can buy  
It don't matter to me, I'll tell you why  
I've got it all when I'm holding you this way  
I live to love you, I'd die to keep you

Safe inside these arms that need you  
I'll be loving you with the very last breath I take

Chorus

Ashes to ashes  
Dust into dust  
I'll lay beside you  
Forever in love

And when they carve my stone  
All they need to write on it  
Is once lived a man  
Who got all he ever wanted  
Tell me something  
Who could ask for more  
Than to be living in a moment  
Lovin' every minute  
Tell me something  
Who could ask for more

Then to be living in a moment  
You would die for  
Living in a moment  
You would die for  
Oh, baby  
I'm living in a moment  
I would die for
