You won't know where we're going 'til we get there
But baby you can dream while I drive
Just tell me you'd go with me anywhere
Take my hand and we'll wave goodbye

As this engine whines across the danger line
Down a road daredevil straight
There's no stopping us, southbound sun up
In love too wild to wait
Oh, hearts wide open, no brakes

There's a hunger for you running through me
An endless unbeatable thrill
And the spirit of life you give to me
So restless, so reckless and real

As this engine whines across the danger line
Down a road daredevil straight
There's no stopping us, southbound sun up
In love too wild to wait
Oh, hearts wide open, no brakes

You feel that lightning and thunder
Running through my veins
A world of wonder still untamed

As this engine whines across the danger line
Down a road daredevil straight
There's no stopping us, southbound sun up
In love too wild to wait
Oh, hearts wide open, no brakes
Hearts wide open, no brakes
