"Cause you can never go home anymore, listen"

[Verse 1]

She whistles when she speaks  
Got the high pitch shrieks  
Sends sex signals to the rhythm of the beat  
In an instant the symphony of a bittersweet  
Intricately placed vocal tone that overthrows resistance  
Intimately seduced by the red juice of Bruce upon her  
thick lips  
Drawn towards the pool of this enriched list  
To think quick - it's just not an option  
Fingertips reach out for the satin sheet soft skin  
Locked in, mesmerized by her leather thighs  
And her gentle eyes, topspin pebbles peddle across  
the lost sea  
She sits perched amongst the rocks, part of her  
prophecy  
And I'm a comedy act, entrapped within her odyssey  
Her oddities begin to bear through  
I'm like the scared youth prepared to mute the  
commuters  
Confused, consuming the coopers  
A part of a music's movement  
Pays attention to grooming, tuning the pitchfork  
Vibrating through your pride to lift doors  
And flip your focus, drink your dosage  
They keep asking how the heartstrings survive  
After constant strumming and dumbing down our lives  
Wondering about the fun it brings when we fly

"Cause you can never go home anymore"  
As the notes in her vocals drift she's got me  
"Never can go home anymore"  
As the notes in her vocals drift she's got me

"Cause you can"

[Verse 2]

She smells like the fuel in my car and her  
Touch is kind of cold and sharp, she

Feels like the top of the moon  
Tastes like poison, distorts the view  
She'll serenade all of you and walk through  
The fort around your portaloo, there's more to  
What meets the eye of this messed up corkscrew  
Twisting along the tracks that stand before you  
It's the peer pressure I spread on thick  
And it ain't clear weather when the fingers click  
Can't help but pay attention to the infectious itch  
She's a sexy bitch, wondering will she let me live  
Many get caught in the mix  
Looking forward to a fix, an assortment of tricks  
Which - slip underneath the sleeve  
She's got something we never had but now we need

"Cause you can never go home anymore"

[Bridge - Repeat X5] (4th and 5th time become softer)  
She's guns, money, sex and cocaine  
Blue fuel, cigarettes and propane  
Green, yellow, red light campaign  
Quick moving, never choosing the slow lane

[Over the top of the final repeat of the bridge]  
"Cause you can never go home anymore, listen"
