(D. Vaughn, M. Clayton, B. St.James)
Somebody's calling out your secret name
And your window's being kissed by stones
Baby can you hear my silent serenade
When I'm standing in the dark alone
We could never show, and we could never tell
'Bout the wildfire in our veins
Crashing down the doors and breaking all the spells
'Till nothing but the love remains
Colours clash, colours fly, colours bleed when the tears
run dry
Colours run, but they can't hide, still we gotta try
Chorus:
Meet me in the night, baby say a prayer, we will never
lose our way
Meet me in the night, say that you'll be there, never
fade away
Flying through the chill of the Ohio night, their laughter
echoes in the air
Drive across the river to the other side, nobody will
know us there
Colours clash, colours fly, colours bleed when the tears
run dry
Colours run, but they can't hide, still we gotta try
(chorus)
(Solo)
(chorus repeats 2x)
Meet me in the night, ohhh, say that you'll be there
Meet me in the night, baby say a prayer - meet me,
meet me in the night
Meet me in the night, say that you'll be there - oh, say
you'll be there
Meet me in the night, baby say a prayer - meet me in
the night
Meet me in the night, say that you'll be there - say that
you'll be there
Meet me in the night... (to fade)
