Her life was in danger The abuse was out of hand She told the man she once loved Get out of my land The only memory I have of you is the back of your hand And as he spat threats She pronounced him gone Once was once too often This life couldn't go on Your instant gratification days are long gone He's a ghost of a lover That man she once knew But his phantom torture which he puts himself through It showed on his face as his days grow into his years Well, his body is strong But his mind is weak As he breaks her heart for the fourth time this week Well, I just can't live with you anymore, yeah You're just a ghost of a lover You're just a ghost of a lover You're just a ghost of a lover Yeah I only felt sorry for the unfortunate soul Who lets his demon penetrate her hole Strong words that will stand blue with the test of time He's a ghost of a lover A man she once knew But this phantom torture which he puts himself through It showed on his face as his days grow into his years, yeah But his body is strong But his mind is weak He breaks her heart for the fourth time this week Well, I just can't live with you no more, yeah You're just a ghost of a lover Slips out of the door

Ghost of a lover He's a ghost of a lover Of a man she once knew This phantom torture which he puts himself through Showed on his face as his days grow into his years Well, his body is strong But his mind is so weak He breaks her nose for the fourth time this week Well, I just can't live with you anymore, yeah You're just a ghost of a lover You're just a ghost of a lover Even just a ghost of a lover Oh, yeah You're just a ghost of a lover You're just a ghost of a lover You're just a ghost of a lover That I once knew You're just a ghost of a lover, ghost of a lover Life gone through
