they pulled the body from the river
unidentified
they found only a key numbered room 405
no name, no address,
unidentified
But my lady and I, oh a secret did we know,
the identity of John DOE Valentino
for it was me who had laid

For it was he with no honour had lied
so he shall remain, unidentified.
And it was he who had cheated his own kind,
so he shall remain
unidentified.
So we lead the dolce vita,
and we loved until we died
all that time, we remained
unidentified
