This might be the end
end of our road together
we've said our goodbyes.
This might be the last of the night stars, we both know.
This is our last dance.

You touched my heart
in more ways than I could count
changed my life.
all for the better.
somehow I, would never admit.
How much your love
meant to me.

Now I stand here
With my heart in your hands
hoping that you wont say no

This might be the end.
Of the road.
We've said our goodbyes.
THIS might be the last of the night stars,
We both know.
This is our last dance.
It seemed like a dream, a nightmare. I'm torn up inside.
So confused.
Did you love me, could you love me?

Now I stand here with my heart in your hands hoping
that you wont say no.

This is the end of our road, together.
We've said our goodbyes.
These are the last of the night stars, We both know.
This is our last dance.

Life's not the same. but i guess I'm to blame. The sun
dont shine as much.
The stars have no twinkle.
since you've been gone.
Wont you come home?

This is the end of our road, together. Said our
goodbyes. These are the last of the night stars, we Both
know this is our last dance.

So I'll kiss you goodnight, we'll say goodbye.
Forever.
