Chant:

In and out and out and in
And up and down and all around
We're going through it
Nothing to it
All you've got to do it is do it
Going through the motions - 1,2,3,4
I go you go you go me go
Everywhere that we go we'll be
Going though the motions -1,2,3,4
Going though the motions
Going though the motions
I don't really care
Cause you're going nowhere
You've got nothing but fear in your eyes
You're leading me on
But you can be anyone
Cause I know you'll be gone when I rise
And we're going though the motions
Going though the motions
Going though the motions
Going though the motions
Staying with you
Gave us something to do
I always thought it was truth for awhile
You're loving your lies
You're so thinly disguised
You couldn't tell right from wrong if you tried
And we're going though the motions
Going though the motions
Going though the motions
Going though the motions
To thee I'll delicate this photograph
I'll even sign it love to you, again
And when it's faded and forgotten in some book
You'll sometimes look
You'll sometimes look
You'll sometimes look
It's a game it's a game
No let's call it a shame
Cause there's no one to blame
It's a pain

You were a friend for a day
So don't cry if I say
That you got what you want, it's Ok
Going though the motions
Going though the motions
(Repeat Chant)
