--- Desmond Child / Michael Bolton

There must be something that we can share

Why is it all or nothing everywhere

You got your life and I got mine

Why's our relationship hanging on the line

I don't want to own you

I just want to know you

I just want to love you

More than words can say ?

Chorus:

Baby, take another look at your heart

And tell me you don't want me

Baby, tell me you're not coming apart

I can hold out till you break

Baby, take another look at your heart ?

You're breaking up, that's no surprise

So much invested in our so-called "love lives"

Give it up, heart over mind

You can't explain away

The tears you been crying

I don't want to own you

I just want to know you

I just want to love you

More than words can say

Chorus
