It doesn't matter  
It doesn't matter

Who's to say when love  
Will knock on your heart  
So be ready to let it in

And who can tell if love  
Is real before it starts  
You never know until you're in it

So don't hear them when they whisper  
That this love is not enough for you  
Cause they know they'll never find  
True love like yours and mine  
And that's the bottom line

Oh, oh, it doesn't matter  
What your friends all say  
It don't matter, love you anyway  
It doesn't matter cause  
You stay on my mind

It doesn't matter  
What you put me through  
It don't matter  
Gonna keep on loving you  
It doesn't matter  
Cause you stay in my life

Rumours fly when people  
Have something to fear  
It's no telling about it, no

Just weaving lies for  
Anyone who wants to hear  
Some people just can't  
Do without it, no

So don't listen when they tell you  
That this love is never gonna last  
Cause they know they'll never find

True love like yours and mine  
And that's the bottom line

Remember, it doesn't matter  
What your friends all say  
It don't matter, love you anyway  
It doesn't matter cause  
You stay on my mind

Oh, oh, it doesn't matter  
What you put me through  
It don't matter  
Gonna keep on loving you  
It doesn't matter  
Cause you stay in my life

It doesn't matter  
What your friends all say  
It don't matter, love you anyway  
It doesn't matter cause  
You stay on my mind  
Stay on my mind, all the time, yeah

It doesn't matter  
What you put me through  
It don't matter  
Gonna keep on loving you  
It doesn't matter  
Cause you stay in my life

Oh, I'll never leave you  
All the way, yeah  
Won't have to beg you  
To stay with me

Oh, oh, I'll prove it to you  
That my love is real  
By the way it feels

By the way, by the way  
The way it feels

It doesn't matter  
What your friends all say  
It don't matter, love you anyway  
It doesn't matter cause  
You stay on my mind

It doesn't matter  
What you put me through  
It don't matter

Gonna keep on loving you  
It doesn't matter  
Cause you stay in my life  
(Stay in my life)

It doesn't matter  
What your friends all say  
(It don't matter)  
It don't matter, love you anyway  
(Gonna love you anyway)  
It doesn't matter cause  
You stay on my mind  
Stay on my mind, all the time, yeah

It doesn't matter  
What you put me through  
(What you put me through)  
It don't matter  
Gonna keep on loving you  
(Oh, gonna love you, love you)  
It doesn't matter  
Cause you stay in my life

Oh, yeah (it don't matter)  
It don't matter  
(No, no, it don't matter)  
(Stay in my life) oh, yeah

All right now (it don't matter)  
(No, no, it don't matter)  
(Stay in my life)

(It don't matter)  
(No, no, it don't matter)  
(It don't matter)  
(No, no, it don't matter)  
(Stay in my life)

(It don't matter)  
(No, no, it don't matter)  
Oh, yeah (it don't matter)  
(No, no, it don't matter)  
(Stay in my life)
