(Verse 1)

My pressure's getting low and my temperature is high,
I need some medication, better check my vital high,
Hurry up, make it quick, can't you see, i 'm love sick,
I 'm losing my mind like, all the time.

So you see, what i need is something strong but
nothing weak,
Cause he got me, cause she got me,
So won't you rip me from this curse, my condition's
getting worse,
Cause he got me, cause she got me,
(Oooh, Oooh)>

(Chorus)

Doctor, doctor, I need help,
This is a state of emergency and I need to get well.
I think i 'm love sick,
I think i 'm love sick.
So what you gonna get me? (Whatcha gonna get me)
(Hurry up) Don't waste no time, Cause I don't want one
flatline,
(Hurry Up) Don't waste no time, Cause I don't want one
flatline.

(Verse 2)

So what am I gonna do, to get myself over you,
Like, i 'm in the twilight zone, can't leave em' alone.
I'm trying a' be patient, but i 'm so tired a' waiting,
Hope I can recover soon, so I can be through.

So you see, what i need is something strong but
nothing weak,
Cause he got me, cause she got me,
So won't you rip me from this curse, my condition's
getting worse,
Cause he got me, cause she got me,
(Oooh, Oooh)>

(Chorus)

Doctor, doctor, I need help,

This is a state of emergency and I need to get well.
I think i 'm love sick,
I think i 'm love sick.
So what you gonna get me? (Whatcha gonna get me)
(Hurry up) Don't waste no time, Cause I don't want one
flatline,
(Hurry Up) Don't waste no time, Cause I don't want one
flatline.

(M'8)
Just one dose might do the trick, yeah. (Do the trick, Do
the trick)
Just one kiss might do the trick,
yeah. (Do the trick, Do the trick) (Whoaaaa)

(Chorus)
Doctor, doctor, I need help,
This is a state of emergency and I need to get well.
I think i 'm love sick,
I think i 'm love sick.
So what you gonna get me? (Whatcha gonna get me)
(Hurry up) Don't waste no time, Cause I don't want one
flatline,
(Hurry Up) Don't waste no time, Cause I don't want one
flatline.

(Chorus)
Doctor, doctor, I need help,
This is a state of emergency and I need to get well.
I think i 'm love sick,
I think i 'm love sick.
So what you gonna get me? (Whatcha gonna get me)
(Hurry up) Don't waste no time, Cause I don't want one
flatline,
(Hurry Up) Don't waste no time, Cause I don't want one
flatline.
