Said look at the girl
No you don't know anything
Walking through my door
Yeah you use your curves
To get you anything
I've seen your game before

Like a south bound train
Yeah you're always going down
Any fool can see
You've got a pretty face
When you blow me kisses
But you ain't fooling me
You ain't fooling me

'Cause you're all talk
But hit me with your best shot
I know that it's all a lie
Don't mistake me as one for giving sympathy
Sugar now you're out of time
And I've already read your mind
'Cause there ain't no fooling me
No, there ain't no fooling me

Rich man poor man don't really matter
Any way you get paid.
Put yourself in ice
Like it's walking on water
But sugar I ain't afraid
'Cause you ain't fooling me

'Cause you're all talk
But hit me with your best shot
I know that it's all a lie
Don't mistake me as one for giving sympathy
Sugar now you're out of time
And I've already read your mind
'Cause there ain't no fooling me
No, there ain't no fooling me

Somewhere underneath that halo

There's a devil hiding from the truth
They say that it takes one to know
And that's why I see a part of me in you
Woah woah woah, yeah

'Cause you're all talk
But hit me with your best shot
I know that it's all a lie
Don't mistake me as one for giving sympathy
Sugar now you're out of time
And I've already read your mind
'Cause there ain't no fooling me
No, there ain't no fooling me
No, there ain't no fooling me
No, there ain't
No, there ain't
No fooling me, fooling me
