She looks away and says that she's gonna leave  
It sounds so casual like she's practiced it before  
We must have lost ourselves in the in-betweens  
It's hard to keep it fair when love turns into war  
But it's what we're fighting for  
Don't say it's over

Jenny turn around  
Don't you leave what we've got now  
Give up everything we could be  
Love is not some f\*cking movie  
Jenny turn around  
Don't say it's over now

There's nothing like the high that I get with you  
To crash and come back down is the only guarantee  
I try so hard to be the best for you  
Sometimes I feel like the only thing you see  
Is just the worst in me  
Don't say it's over

Jenny turn around  
Don't you leave what we've got now  
Give up everything we could be  
Love is not some f\*cking movie  
Jenny turn around

We're not kissing in the rain  
There's not music when we fight  
I want to catch you at the gate  
Right before you board your flight  
When you know each other's scars  
And the tears you cry are real  
When you stay when it gets hard  
'Cause it's more than how you feel  
Oh Jenny  
Oh Jenny  
Oh Jenny  
Yeah

Please just turn around

Don't you leave what we've got now  
Give up everything we could be  
Love is not some f\*cking movie  
Jenny turn around  
Don't say it's over now  
Yeah  
Don't say it's over now
