Why you keep me around?  
When you can have anyone in this town  
Am I the best you hope for  
Or just the best that you found  
And there's no way to explain it,  
But either way you know I'll take it.

Through the haze of the whiskey lights  
And the maze of the angels dressed in cocaine white.  
I'm not trying to make you change  
But love, I know what I like  
First you play along, you don't know what's wrong  
But then it starts feeling right.

And now the more I drink  
The less I feel sorrow  
The more I make  
The less that I borrow  
The more I love you  
The less I feel alone  
Stoned, kicking my heels alone,  
Stoned, kicking my heels alone.

Every person and place that I've been  
I keep seeing the same thing all over again  
See even God needs the devil  
And I'm one hell of a friend  
If it makes you feel much better  
At least we're going down together

The more I drink  
The less I feel sorrow  
The more I make  
The less that I borrow  
The more I love you  
The less I feel alone  
Stoned, kicking my heels alone.  
Stoned, kicking my heels alone.

Yeah, yeah hey  
Yeah, yeah hey

Yeah, yeah hey

Don't wanna worry the rest of my life  
Just wanna stay here and have a good time  
Come on now  
Don't wanna worry the rest of my life  
Just wanna stay here and have a good time,

The more I drink,  
The less I feel sorrow,  
The more I make,  
The less that I borrow  
The more I love you  
The less I feel alone.  
Stoned, kicking my heels alone,  
Stoned, kicking my heels

The more I drink,  
The less I feel sorrow,  
The more I make,  
The less that I borrow  
The more I love you,  
The less I feel alone  
Stoned, kicking my heels alone,  
Stoned, kicking my heels alone,  
Stoned, kicking my heels alone,  
Stoned, kicking my heels alone

Don't wanna worry the rest of my life  
Just wanna stay here and have a good time  
Come on now
