Well, I have been thinkin', which I shouldn't do
'Cause it gets me in trouble and farther from you
I don't want a sentimental
Short and sweet and confidential goodbye

Well, my thoughts belong in a book in a store
Where they're silently read but spoken no more
I didn't give my all and to be honest with you
I didn't even try, yea

Well, I want you back, so bad
I'm gonna change the way I'm actin'
I'm gonna change and I'm so glad

I'm gonna write you a letter, so much for the better
And if it goes my way, I'll have you runnin' back to me
While I'm a natural born forgetter, so much for the
better
I can be romantic, I just got to try to be, come on

Well, I have been thinkin', again this is bad
It seems that my thinkin' can drive you quite mad
But you can't say there's another word, though
To call this feelin' in my heart, oh yea

Well, I admit I take advice from more romantic minds
But I can proudly reassure you this idea was all mine

I'm gonna write you a letter, so much for the better
And if it goes my way, I'll have you runnin' back to me
While I'm a natural born forgetter, so much for the
better
I can be romantic, I just got to try to be

Well, I admit I take advice from more romantic minds
But I can proudly reassure you this idea was all mine

I'm gonna write you a letter, so much for the better
And if it goes my way, I'll have you runnin' back to me
While I'm a natural born forgetter, so much for the
better
I can be romantic, I just got to try to be, try to be

Well, I can be romantic, I just got to try to be
One more time, come on
Well, I can be romantic, I just got to try to be
