Here comes the part where you say I don't understand  
you, yeahÂ  
And all those little things I never get rightÂ  
You talk and talk but all that chitchat stuck in lipstick  
and it's driving  
Me crazy babyÂ  
And I got nothing when you smile like Mona LisaÂ  
'Cause I need you, I need you tonightÂ  
If walls could talk I'd be the prince of nothing  
charmingÂ  
And it's driving you crazy babyÂ

Oh you love like you want and you fight like you need it  
tonightÂ  
Baby it's beautifulÂ  
Oh you scream like a gun in the nightÂ  
Till you're starting a fight, it's like you don't know, Â  
Baby you're beautifulÂ  
Baby you're beautifulÂ

It's turned to midnight and this cheap champagne is  
wearing offÂ  
She's tearing off her dress, god I'm such a messÂ  
And in the dark she's taking shots at my heartÂ  
She's got it to an art, and this is how I fall apartÂ

You love like you want and you fight like you need it  
tonightÂ

Baby it's beautifulÂ  
Oh you scream like a gun in the nightÂ  
Till you're starting a fight, it's like you don't know, Â  
Baby you're beautifulÂ

Girl you got soul, and I don't mind that you go a little  
crazyÂ  
It's that passion I dig, baby yeahÂ  
The world won't see your glow, but you're the last one  
to knowÂ  
Baby you're beautifulÂ

Here comes the part where only you can understand

me  
Like cigarettes and candy, baby, baby

Oh you love like you want and you fight like you need it  
tonight

Baby it's beautiful

Oh you scream like a gun in the night

Till you're starting a fight, it's like you don't know,

Baby you're beautiful

Baby you're beautiful

Baby you're beautiful

You're beautiful

It's turned to midnight and this cheap champagne is  
wearing off

It's time that I confess, god I'm such a mess.
