Theres a Train every hour  
Schedule doesn't change  
People leaving every minute  
All going different ways  
And you talk about the places  
That are putting you away  
But you Stay

I love the women  
You wanted to be  
More than the Women  
staying here for me  
All You Fill up your mornings  
with excuess for the day  
And I know just what you're doing  
Well, I listen anyway

But you say it like a lie  
And close your eyes  
Tell me that I'm wrong  
When You know that I'm right  
There's never been a dreamer  
Ever so lost in the sky  
But every time you say goodbye  
you say it like a lie  
say it like a lie

Nothings gonna happen  
Staying where you are  
With an over-packed Suit case  
and an old ful-fulled heart  
All You Fill up your mornings  
and you circle back around  
and you do it so damn often  
Should I believe it now

When you say it like a lie  
And close your eyes  
Tell me that I'm wrong  
When you know that I'm right  
There's never been a dreamer  
Ever so lost in the sky

So every time you say goodbye  
you say it like a lie

So this is how you came  
It's just the way you made  
So what's the point of knowing  
you always said  
And maybe that's the Fear  
Saying why you're here  
So, baby you'll be unchanged  
Come next to you

A kiss on your lips  
Your hand on my chest  
I walk you to the car  
And wish you the best

But, I say it like a lie  
then close my eyes  
you tell me that I'm wrong  
Well I never wanted to be right

There's never been a dreamer  
Ever so lost in the sky  
So this time when you say goodbye  
Oh this time when you say goodbye  
Won't You say it like a lie  
Say it like a lie  
Yeah, Whoa
