Maimodoru hikari no wa no naka ashiato o tadotte

Kurikaesu tsuki to taiyou no yuuwaku ni odorasare
Tojita sekai de kazu no dorei
Kuroi mousou afuredashita

shudder...
Yami ni ochite hane o nakushita

Make your creative to imagine the future
To get out of the loop is equal to none

Wherever we go Another world
Mitasarenai kara kunou wa taenai
And I'm drawn to here again No more time
Nando mo anata no moto e to Loop rays in you

Whatever the life is rotted?
Whatever the life is rotted?
Whatever the life is rotted?
Unknown motion is too late
Ah

inside...
Fukaku itamu kizu ga hiraita

Make your creative to imagine the future
To get out of the loop is equal to none
loop... toward where might

Wherever we go Another world
Mitasarenai kara kunou wa taenai
And I'm drawn to here again No more time
Nando mo anata no moto e to ...wakaranai
If you think this should remain now
Mou nido to sugata misenai to ienai
And I'm drawn to here again No more time
Nando mo anata no moto e to Loop rays Loop voice
