Hey when IT was wrong
You came and made IT all feel right
But i could never see
I was blind

And when all was lost
You came and gave this love new life
But i could never see
I was blind

Baby you made me love again
I never thought id find a friend in you

And since you been gone
I often think about those time
That i could never see
I was blind

Even though i loved you so
I set your heart on fire
Ooo i could never see
I was blind

Baby you made me love again
I never thought id find a friend in
Baby you made me love again
I never thought id find friend in you

If i wasnt such a fool
In this game we play
Didnt know what else to do
so i walked, i walked away

Baby you made me love again
I never thought id find a friend in you
Baby you made me love again
I never thought id find a friend in you

Scatting

Ooo i could never see

I was blind
